WARE MALCOMB MOVES TO NEW OFFICE IN MEXICO

MEXICO CITY (April 28, 2016) – Ware Malcomb, an award-winning international design firm, today announced the firm has moved to a new office located at Culiacán 123, 11th Floor, Suite 1107, Col. Hipódromo Condesa in Mexico City, Mexico. The new larger office space accommodates the firm's growing employee and client base.

Ware Malcomb offers full service architecture, interior design, branding and construction management services to clients throughout Mexico with a team of highly trained professionals in architectural design, interior design, and civil engineering. Ware Malcomb's consulting services start from the beginning of the project and extend through coordination, review of drawings, and the bidding process. During the construction phase, Ware Malcomb's team oversees progress and quality, ensuring that the project is completed to the highest standards. Ware Malcomb's construction management services are offered throughout Mexico, and are unique to the market.

"Ware Malcomb's new, larger office reflects our recent growth, while also giving us the capacity for further expansion of our unparalleled blend of design and construction management services throughout Mexico," said Andres Galvis, Regional Director of Latin America for Ware Malcomb. "Through our client-focused work, we look forward to continuing to make our mark on the future of commercial construction across the country."

Ware Malcomb recently completed the new corporate headquarters for [Vesta Desarrollo Inmobiliario](#) ("Vesta"). The 900 square meter project is pursuing LEED ID+C Platinum certification from the U.S. Green Building Council, as well as WELL BUILDING STANDARD® Gold certification from the International WELL Building Institute (IWBI), the first tenant improvement project in Mexico to be built to this specification. The office is also currently providing architectural services for a 102,308 square meter industrial manufacturing/warehouse space for Grainger in Monterrey, Nuevo Leon, Mexico; architectural design services for a 12,000 square meter industrial distribution building for GP Desarrollos in San Luis Potosi, Mexico; and architectural and interior design services for a 12,540 square meter manufacturing and corporate office building for Mafer Real Estate Mexico, located in Queretaro, Mexico.
