WARE MALCOMB ANNOUNCES PATRICK GUNN HAS JOINED DENVER CIVIL ENGINEERING GROUP

DENVER (August 1, 2018) – Ware Malcomb, an award-winning international design firm, today announced Patrick Gunn has joined the firm as Engineering Manager in the Denver civil engineering office. In this position, Gunn will assist with the training and leadership of the firm’s civil engineering group in Denver.

Gunn brings over 15 years of experience in the engineering field to Ware Malcomb. Most recently, he was a project manager for numerous commercial civil land development projects in Denver. He also spent 10 years working on commercial and residential civil engineering projects in Chicago, including some in collaboration with Ware Malcomb’s Chicago office.

“Patrick brings an energy for team building and a passion for client service to his new role,” said Chris Strawn, Principal of Ware Malcomb’s Civil Engineering group.

“Patrick will be instrumental in helping the Denver civil engineering office maintain its leadership position in local land development, and also help enable the growth of our civil services firm-wide,” said Tom Jansen, Principal of Ware Malcomb’s Civil Engineering group.

Gunn holds a Bachelor of Science degree in Civil Engineering from Bradley University, and maintains his Professional Engineering (PE) certification in the states of Colorado, Nevada, Arizona, Illinois and Minnesota. He is also a Certified Professional in Erosion and Sediment Control (CPESC).

Ware Malcomb’s Civil Engineering team specializes in land development projects, with a focus on efficient design practices to create successful projects for clients. The team has worked on commercial office, industrial, healthcare, public, education, retail/restaurant, mixed-use, and multi-family, residential and subdivision projects.

About Ware Malcomb (waremalcomb.com)
