## **WARE MALCOMB NAMED TO INC. 5000 LIST OF FASTEST-GROWING PRIVATE COMPANIES IN AMERICA**

**IRVINE, Calif. (October 3, 2018)** – Ware Malcomb, an award-winning international design firm, today announced it has been recognized on the [2018 Inc. 5000](#), Inc. Magazine’s annual list of the fastest-growing private companies in America. This is the first time Ware Malcomb has appeared on the list, capping off a record year of national industry recognition for the firm. The company is one of only seven architecture firms included on the list.

Companies on the Inc. 5000 are ranked according to percentage revenue growth from 2014 to 2017, and every company on the Inc. 5000 list has grown by at least 50 percent over the past three years.

The Inc. 5000 ranking is one of many earned by Ware Malcomb in 2018. Earlier this year, Ware Malcomb was named one of the 2018 Best Firms to Work For among architecture and engineering firms by [Zweig Group](#). Ware Malcomb was #8 on Zweig Group’s 2018 Hot Firm List, which ranks the fastest growing firms in the industry. The firm is also ranked among the top 20 architecture/engineering firms in Engineering News-Record’s Top 500 Design Firms.

“I want to congratulate the entire Ware Malcomb team for our firm’s incredible growth and success,” said Lawrence R. Armstrong, Chief Executive Officer of Ware Malcomb. “Their hard work, dedication and talent has been recognized by a number of prestigious national rankings and awards in 2018, and being named to the Inc. 5000 for the first time is yet another distinct honor.”

“Every team member across Ware Malcomb’s 22 offices can take pride in being a part of one of the fastest-growing private companies in America,” added Kenneth Wink, Executive Vice President of Ware Malcomb. “Our growth as a firm would not be possible without our steadfast clients and business partners.”
