WARE MALCOMB MOVES TO LARGER SAN DIEGO OFFICE SPACE

SAN DIEGO (December 19, 2018) – Ware Malcomb, an award-winning international design firm, today announced they have moved into a new, larger office space located at 3911 Sorrento Valley Blvd, Suite 120 in San Diego. The move was driven by the growth of the firm’s local employee and client base. Ware Malcomb has 22 offices across North America, including a second local office at 600 B Street, Suite 2070 in downtown San Diego.

“Our new San Diego office accommodates Ware Malcomb’s tremendous growth in the vibrant San Diego market, while also positioning the firm for the future,” said Tiffany English, Principal of Ware Malcomb’s San Diego offices. “When combined with the resources of our second San Diego office downtown, our clients in the region will continue to be well-served in 2019 and beyond.”

Ware Malcomb’s new San Diego office incorporates the latest in interior design trends, as well as the firm’s own design standards. “In designing our own offices, we utilize the same principles as in all of our client projects, including an emphasis on long term real estate value, high quality materials, and incorporating sustainable features wherever possible,” continued English.

Ware Malcomb’s new San Diego office features a work environment that fosters collaboration while also allowing for privacy and heads down work when needed. It includes two different types of workstations – a benching station and a desking station solution, some with adjustable desk heights – to provide a variety of work options and cater to every individual’s work preference.

The entry to each Ware Malcomb office conveys a hospitality feel, providing an open and inviting welcome punctuated with iconic pieces of furniture. The color palette, finishes and materials reflect the Ware Malcomb brand colors of vibrant orange with white and grey accents.

In addition to implementing the firm’s design standards across its offices in North America, WM Branding, Ware Malcomb’s in-house branding studio, also incorporates a unique design flair in each regional office that reflects the local community and surrounding area, as well as the office’s client base.

Recent projects completed by Ware Malcomb in the San Diego market include: providing interior architecture and branding services for the new 52,000 square foot offices of 3D Systems located at 16550 West Bernardo Drive in San Diego; providing architecture, interior design and branding services for the redevelopment of the 838,300 square foot Rancho Vista Corporate Center located at 16399 West Bernardo Drive in San Diego; and providing interior architecture and design services for the new 20,000 square foot creative office headquarters for Buzztime located at 2231 Rutherford Road in Carlsbad.
