WARE MALCOMB EXPANDS TO LARGER OFFICE LOCATION IN ATLANTA

ATLANTA (February 27, 2020) – Ware Malcomb, an award-winning international design firm, today announced it has expanded and relocated its Atlanta office to a new, larger space located at 3520 Piedmont Road, Suite 290 in Atlanta.

The move accommodates the firm’s growing client and employee base in the region. Ware Malcomb has been operating in the Atlanta market since 1999 and opened an office there in 2016. Ware Malcomb has completed over 200 projects throughout the Atlanta metro area and Georgia for clients including Prologis, Black Creek Group, McCraney Development, Charter Spectrum, Honeywell and Medline. In its work in the region, the firm has provided planning, architecture, interior design, and branding services to clients in various industries including healthcare, multi-family, retail, aerospace distribution, logistics, cold storage, manufacturing and science & technology.

“We are excited to move into a new office in the Buckhead business district that will enable our team to continue to grow while providing a strong base from which to serve our clients,” said Jason Dooley, AIA, Principal of Ware Malcomb’s Atlanta office. “Ware Malcomb’s incredible growth in Atlanta and the Southeastern market would not be possible without the hard work of our immensely talented and dedicated team members.”

Ware Malcomb’s new Atlanta office location incorporates the latest in interior design trends, as well as the firm’s own design standards. The entry to each Ware Malcomb office conveys a hospitality feel, providing an open and inviting welcome punctuated with iconic pieces of furniture. The color palette, finishes and materials reflect the Ware Malcomb brand colors of vibrant orange with white and grey accents. The work environment fosters collaboration while also allowing for privacy and heads down work when needed. It includes desking stations with adjustable desk heights to provide a variety of work options and cater to every individual’s work preference.

In addition to implementing the firm’s design standards across its offices in North America, Ware Malcomb’s in-house branding studio also incorporates a unique design flair in each regional office that reflects the local community and surrounding area, as well as the office’s client base.
