## **WARE MALCOMB ANNOUNCES CONSTRUCTION IS COMPLETE ON DECISIO HEALTH'S CORPORATE HEADQUARTERS IN HOUSTON**

**HOUSTON (June 13, 2023)** Ware Malcomb, an award-winning international design firm, today announced that construction is complete on DECISIO Health, located at 520 Post Oak Blvd. Suite 600, in Houston. Ware Malcomb provided interior architecture and design and branding services for the 15,000 square foot interior office renovation.

DECISIO Health is a Houston-based digital health company with a configurable clinical decision support platform designed to aggregate data from electronic health records, in-room medical devices such as monitors and ventilators, and other sources of patient data to present relevant clinical data of the patients' condition in a set of configurable dashboards.

DECISIO Health, relocated to a new office space designed to enhance employee collaboration and create a thoughtfully designed work environment. The new office space, strategically selected for its suitability and capacity to accommodate DECISIO's growing team, reflects the company's commitment to fostering an energized and collaborative work environment. The office design seamlessly combines functional spaces with elements that evoke a techy, fun, speakeasy feel. A neutral, darker color palette paired with ample natural daylight and a variety of textures was chosen to create an engaging space custom designed to align with their company culture.

Ware Malcomb collaborated closely with DECISIO to bring their new office to life. The team addressed the unique challenges of the project, which included the need for a variety of different workspaces, flexible use of square footage, and a high level of acoustic privacy through the use of multiple types of workstations, multi-use space, and high performance acoustic materials.

"DECISIO's new headquarters will allow for seamless employee integration as they continue to scale," said Heather Griffin, Director, Interior Architecture & Design at Ware Malcomb. "Our Interiors and Branding teams worked to create a cohesive space that brings company culture to the forefront."

Notably, Ware Malcomb's in house Branding Studio played a pivotal role in the successful outcome of the project by providing custom branded graphics for key spaces within the office. By interpreting the essence of DECISIO's brand and integrating it throughout the space, the team successfully captured the company's identity and values.

Ware Malcomb worked closely on the project with the building owner/developer, Griffin Partners. Headquartered in Houston, Griffin Partners is a commercial real estate investment, development, and property management firm that owns and operates properties throughout Texas, Colorado, Arizona, Utah, Tennessee, and North Carolina. General contracting services for the project were provided by Crest Builders. The tenant was represented by Edward Edson with Colliers and the building was represented by Jill Nesloney with Lee & Associates.
